March 2011

Dear Peter and Linda,

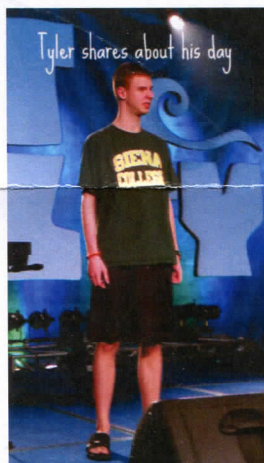

What a privilege to be a part of God changing lives! As you may know, 7 students and 2 staff from the Capital Region just got back from Big Break. They spent the week in Panama City Beach, FL, growing in their faith and sharing Jesus with tons of students on the beach. Tyler is a student from Siena. I'll let him share about his week...

*I became a Christian on December 23<sup>rd</sup>, 2009. Due to experiences I had as a non-believer, I held some reluctance towards any form of evangelism. I was informed of the opportunity of Big Break. However, I was reluctant due to the evangelism aspect of the trip. I decided to trust the Lord and traveled the 23 hours down with other students from the Capital Region. In 7 days, God revealed things to me that I was so ready to hear and absorb like a sponge. God changed my heart and put a passion in me for those who don't know Christ and all those who I loved to have a true relationship with Christ. By sharing my story with others, I realized and rejoiced in all God has done in my life since I made the decision to give my life to Him. The worship, fellowship and speakers at the conference were huge in my sudden growth. However, my experiences and conversations with those on the beach really shaped my view and helped me better understand what it means to have successful evangelism: to be faithful and leave the results to God. This passion God put in me came back with me to campus as I continue to work with my peers to reach students at Siena.*

It's so evident that God did a great work in Tyler's life during Big Break. He has been "leading the charge" and encouraging students to take advantage of every opportunity to love their peers with the Gospel. This is another step in the direction of movements everywhere, so that everyone knows someone who truly follows Jesus!

## Praise God with us for the His work during week three of Big Break!

5,900 students were initiated in spiritual conversations  
2,366 students heard the Gospel  
209 students trusted Jesus with their life!  
437 students heard what it means to live by the power of the Holy Spirit

## Prayer Requests:

- Jen and I to continue to know God's love and love Him more
- For students in Campus Crusade to take advantage of every opportunity to make Jesus known on campus
- For an even greater urgency among believers in the Capital Region to make Jesus known

In Christ's Love,

Joe & Jen
